

# Geologic Timeline Activity

Monika Mishra

## Introduction

Students will be briefed about the geological time scale and a video will be shown to them.

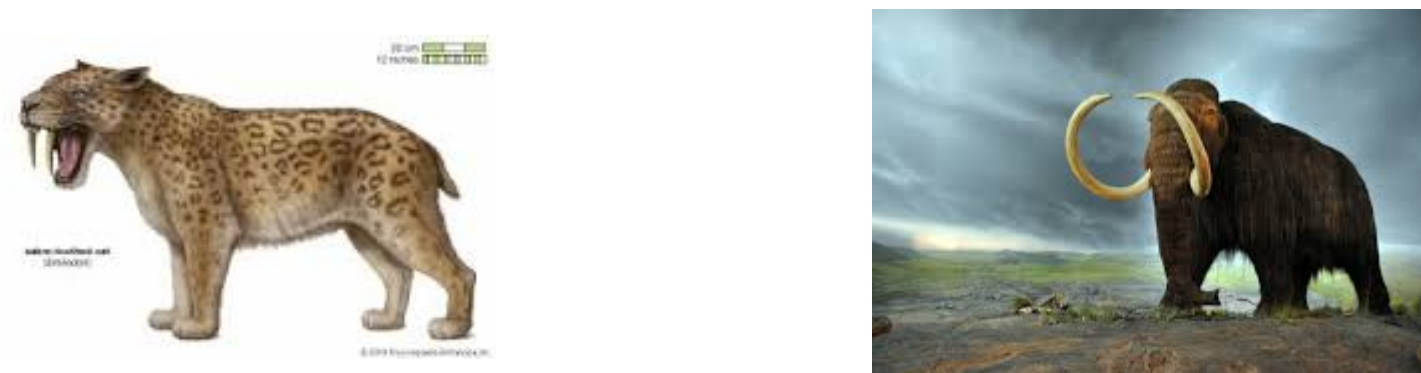

## Materials and methods

Pictures and fossils of flora and fauna spanning geological time.

## Results

Sabre-toothed cats and Woolly mammoths of the Cenozoic Era

Dinosaurs and Plesiosaurs of the Mesozoic Era

Cycads and Glossopterids of the Paleozoic Era

*Coronacollina acula* and *Cyclomedusa* of the Precambrian Era

## Conclusions

Students learn about the geological time line and the diversity of life during each era.

Students will arrange fossils along the timeline based on where they think they belong.
